The system is weak and you can see that is so by all the crashes, wars, drama, and hypocrisy.

The 666 cube box cult system is a honey do list works based system that can never be satisfied. It is contrary to faith.

That kind of system is total insecurity to the hilt. You can unfold the mind of the flesh creatures by looking at the sis.tem.

Weak, manipulative, fear, insecure, needy, crying, crisis all the time, cry.sis, blame game, no introspection, projection, upside down thinking, no logic, etc.. etc...

System is a fractal mirror of the old  
adamic flesh mind.

The baby says MA in every culture because

M = water

A == blood == bullock

Water, blood when baby is born, so baby  
has to cry mama.

The water breaks, you see blood and water.

Old PHOENICIAN SCRIPT REVEALS IT:

A == bullock, the blood sacrifice typology

M == WATER
